

Their Vampire Queen Recommended Reading Order

Queen Takes Knights

Queen Takes King

Queen Takes Queen

Queen Takes Jaguars (though it's technically a prequel and happens *before* Knights, it won't make sense until you read at least Queen Takes Queen)

Queen Takes Rook

“Queen Takes Alpha” (short story previously in Between the Sheets anthology, timing before the fall of House Skye.) Now available in Queen Takes More.

Queen Takes Checkmate

“Queen Takes A Late Christmas” (short story previously in Holidays Between the Sheets anthology). Now available in Queen Takes More.

Queen Takes Triune

Queen Takes Camelot, Queen Takes Darkness. These novellas can be read any time after Queen Takes Checkmate and have some overlap with Queen Takes Triune.

“Queen Takes Twins” (short story previously in Halloween Between the Sheets. Can be read any time after Checkmate, but takes place at a future Halloween. Timing isn't really important as long as you've read at least Queen Takes Queen/Rook.) Now available in Queen Takes More.

Queen Takes More, contains two bonus short stories “Queen Takes It Out On Me” and “Queen Takes Tentacles” that take place after Queen Takes Triune, as well as the other short stories mentioned above.

“[Queen Takes A Life](#)”, a short story in Assassin Society anthology featuring Xin. Best read after Camelot and has ties to Princess Takes Academy.

Queen Takes Sunfires book 1

Queen Takes Darkness 2, Queen Takes Sunfires book 2. These novels overlap in timelines between Helayna and Karmen.

Queen Takes Venom, can be read in any order (standalone)

Queen Takes Sunfires book 3

Queen Takes Darkness book 3

Princess Takes Academy, contains a prequel, "Princess Takes Unicorns" and then skips ahead 15 years or so to future events.

Princess Takes Academy books 2 and 3; Their Vampire Queen Returns. These books will likely overlap in timelines as well and I'm not sure of their order yet.
